What's Hot?

Leading experts help explain products we may encounter in our HHW programs, why certain items create unique challenges, and suggestions for alternative solutions.

Fire Extinguishers - Tom McSherry, President, Fire Control Services Co., Inc.

Propane Tanks - Jen Heaton-Jones, Chair, CT Product Stewardship Council

Flares - Julie Mitchell – Hazardous Waste Programs Project Manager, King County WA

Smoke Detectors - Liza Krass, Director of Radioactive Services for Veolia North America

Clearing the smoke!

HHW vendor representatives will lead a round table discussion to answer your burning questions and help clear the air. It is your chance to ask questions regarding disposal and shipping and whatever else might be on your mind.

MXI - Craig Potter, Vice President Northeast

Clean Harbors - Lisa Bartolini, Senior Account Manager

Tradebe - Josh Pierson, Technical Services Specialist

EPI - Brett Rogers, Technical Services Manager

President: Jennifer Heaton-Jones **Vice President & acting Secretary/Treasurer:** Fred Stanger

Immediate Past-President: Victoria Davis
